银河领域各阵营特点与背景故事介绍：

GMD

NLC

AKC

GAME INTRODUCTION

24世纪，当时的人类已经分裂出三大阵营，在多年的资源和领地争斗中 这3个阵营逐渐壮大和脱颖而出成为3个最大的阵营并且击败合并了其他弱势阵营和劲敌，他们分别是：

GMD

他们科技发达，在飞船的防御工艺上，他们要求严谨在防御方面比较突出，热衷于材料和弧形的设计，但是因为防御方面过于重视，导致速飞船度方提升技术面较为薄弱，武器方面他们则使用实体弹药武器为主。

NLC

他们科技一般，但是他们对实用主义非常注重，以至于他们生成的任何东西都是以较低成本和相对实用的理论来设计，但是防御方面他们并不是特别注重，他们非常注飞船的重速度能力，他们相信速度才是获胜的关键，武器方面他们则使用实体弹药武器为主。

AKC

他们科技发达，他们主张综合性科技发展，他们生成防御技术和速度技术都非常保持着综合性发展，在武器方面他们比较注重和看好能量武器的开发和使用的。

Good game like every other ZUP game.. So, with a little persistence I was finally able to start learning all the obscure systems of the Monster Hunter universe. I had tried 3 on the Wii U, and 4U on the 3ds, but they just didn't click. Monster Hunter World completely drew me in, however, and has me hopelessly addicted. Now all I can think about is chasing down giant beasties to loot them, to make better armor for bigger beasties. I enjoy this game so much that I got Monster Hunter Generations Ultimate for the Switch, so I can Monster Hunt while I'm not Monster Hunting.

It's really a great game, and works really, really well with the Steam controller. A must have for fans of ARPG's, or Souls-like games.. Wow, this game is incredibly boring.

There was once a free game called Box Head, and I remember that being a genuinely good game.

That was somewhate 10 years ago.

In 2017 you can pay £4 for a game which rips off the boxhead IP, and yet doesn't rip off any of its good features.

For whatever reason they decided this game needs a limited field of view. The controls awful and the game play is just repetitive.

There is no sense of challenge or accomplishment. Just click and shoot and go backwards!. One of the best Diablo clones. Starts off slow; you might feel like the game is boring at first, but if you hang in there it gets deeper and deeper as you go till eventually you won't believe just how hard it gets and how you can somehow still manage to survive despite the odds.. Another masterpiece from BMC Studio. I look forward to every game they put out and am probably the closest thing you would have to a BMC Studio expert and I approve.

My playthrough:

https://youtu.be/9_S8R6sHM4A

this review is down for pending review..

current state of the game -> unfinished.

current update of the game -> not updated

current dev standing -> unknown

last know standing of the game -> buggy, tends to crash, was being fixed.. Really lovely game! Very good atmosphere!. Oddly, this steam-ported version of FF vs the 3rd Reich works correctly compared to it's prequel. A definite must-buy for comic book geeks and tactical RPG connoisseurs, and the amount of modding resources available is staggering.. the best wuxia game i every play, keep it up. Early access, so it looks rather barebones at this point. Needs more of everything. Will wait for release.. Best game i've played for a long time. Tense because you can't save. I like that.
